

How to reset your DentDox password

Overview

DentDox is the Faculty of Dentistry's secure file transfer system primarily for the use of patient files and files too large to be sent by email. Users will be able to send/receive confidential data which will protect the University of Toronto from unsecured data transmission.

The password reset link is only for external users.

Step 1 – Click on reset password link on website

Visit the website <https://dendox.dentistry.utoronto.ca>

This portal is for the secure transfer of information.
